"What's new?"

"The Lamplight Show from Welch's Plateau. THE STATION where it's always a beautiful day to help you get that 'Happy Feeling' - the wowy, zowy radio station of 88.1 megacycles."

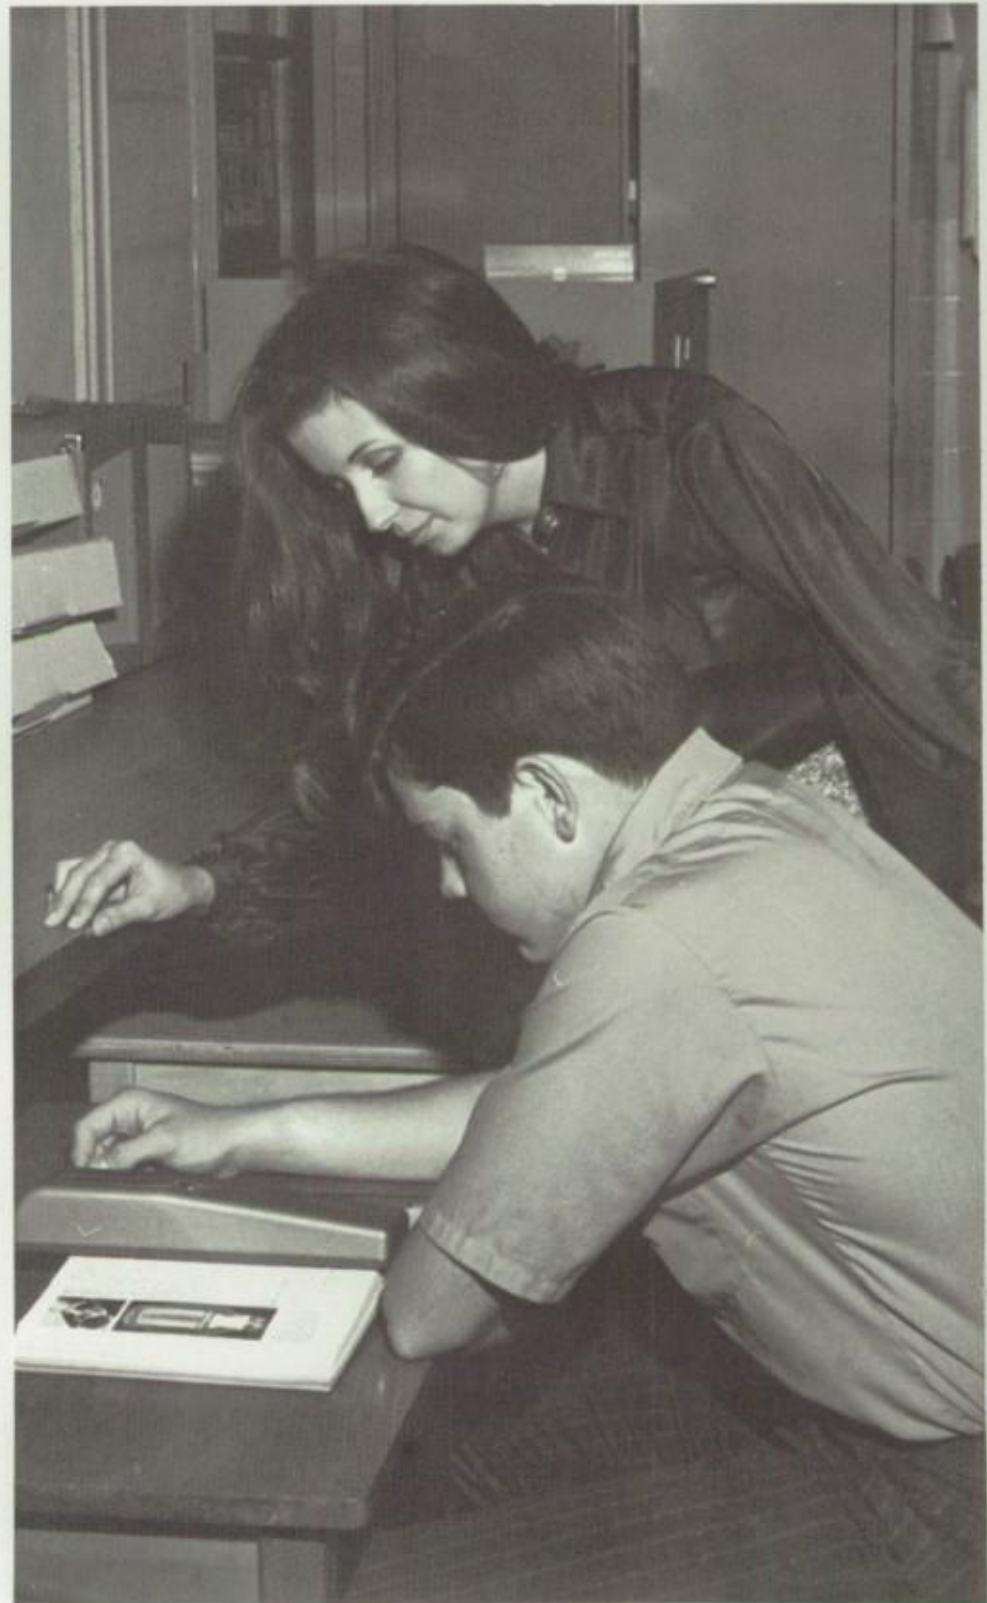

"What's new?"

"Rip the gears out of it - drive it like a car!"

"What's new?"

"... reading faster, faster, faster!"

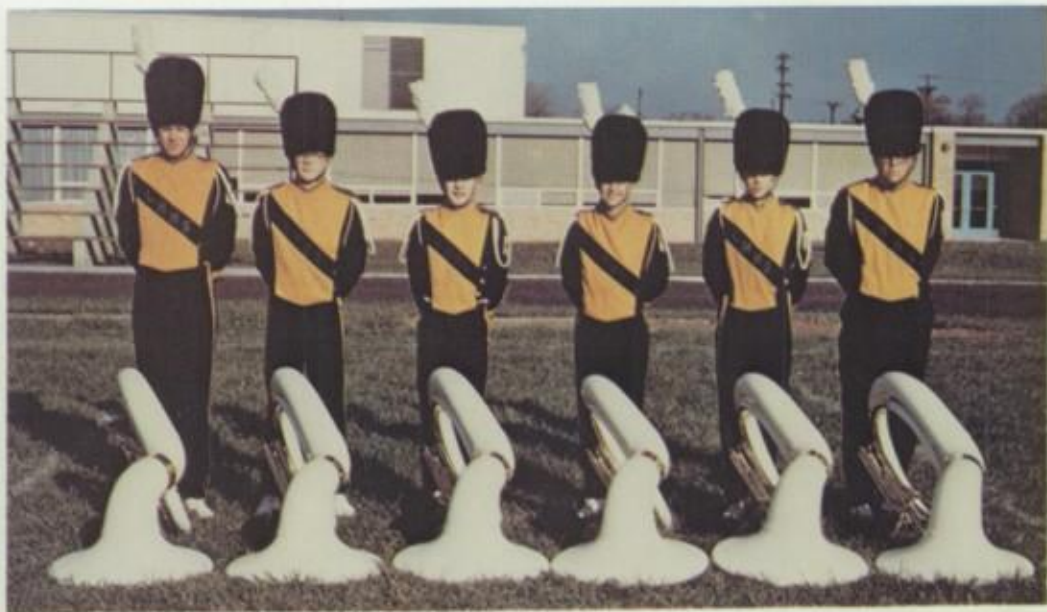

"What more could you want?"

"Do you recognize the girl in the shadows?"
"Nope. Could be any of a hundred L. M. girls."

"Guess we all pass that way sometime."
"Uh huh. Your silhouette is there too!"

Direction of Kids in Gear

"What's going on after school today?"

"There's cheerleaders' practice, I think, No, they're making signs on the floor in the front hall."

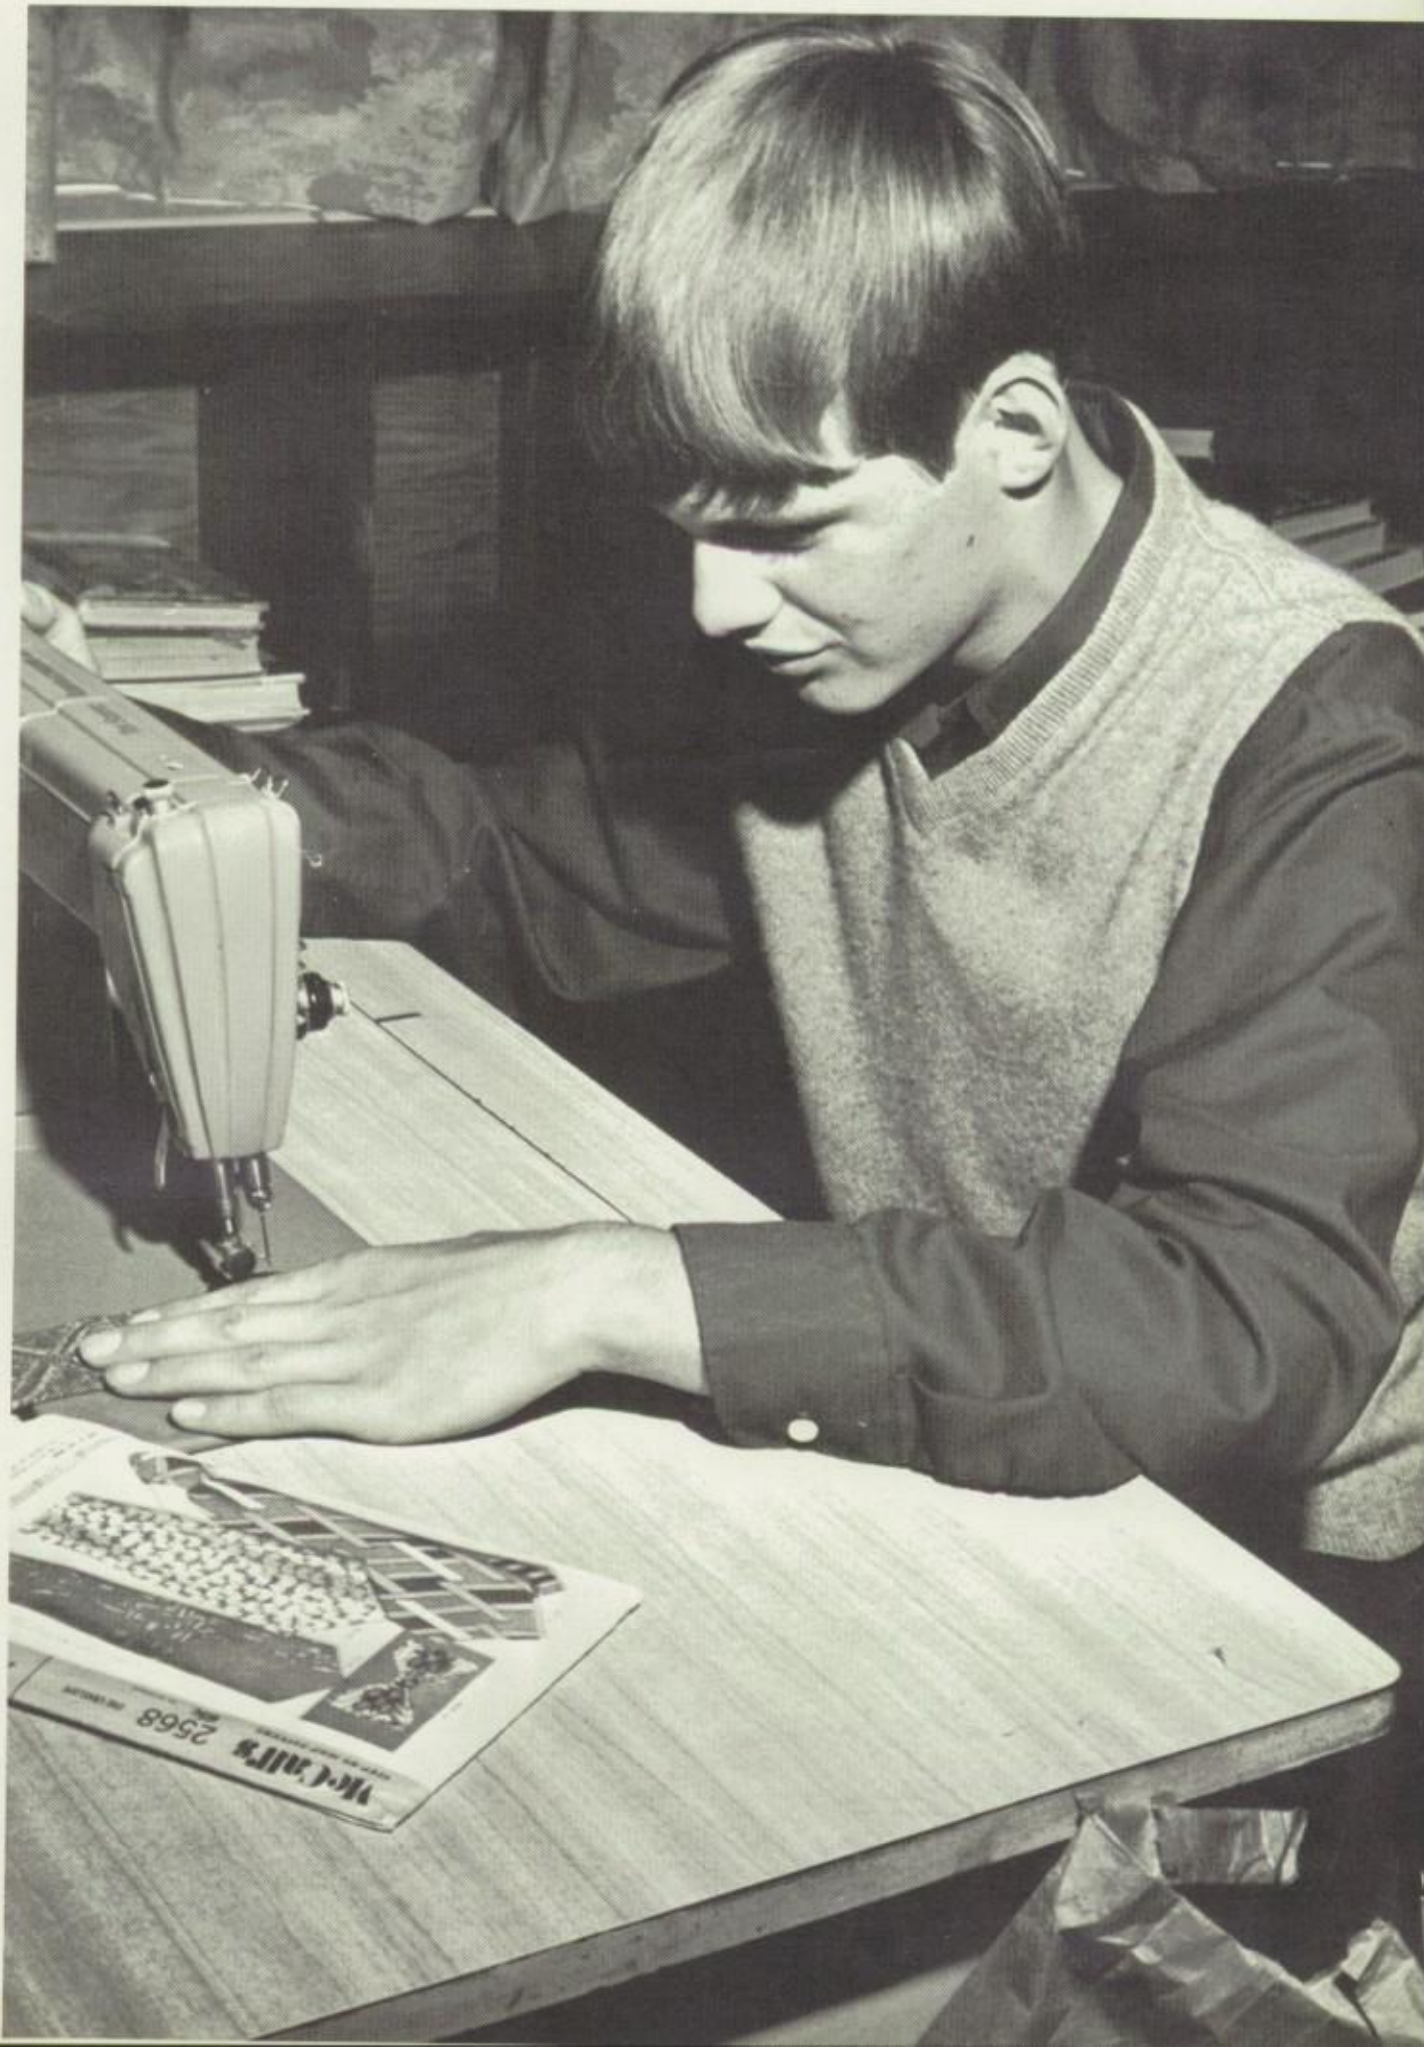

"... and rehearsals for contest music, and tryouts for the new play on the Little Theatre stage, and French Club in Room 38, and ..."

"There are so many activities, it seems like classes are a sideline. It's a wonder kids ever graduate."

"I know. And basketball practice in the gym!"

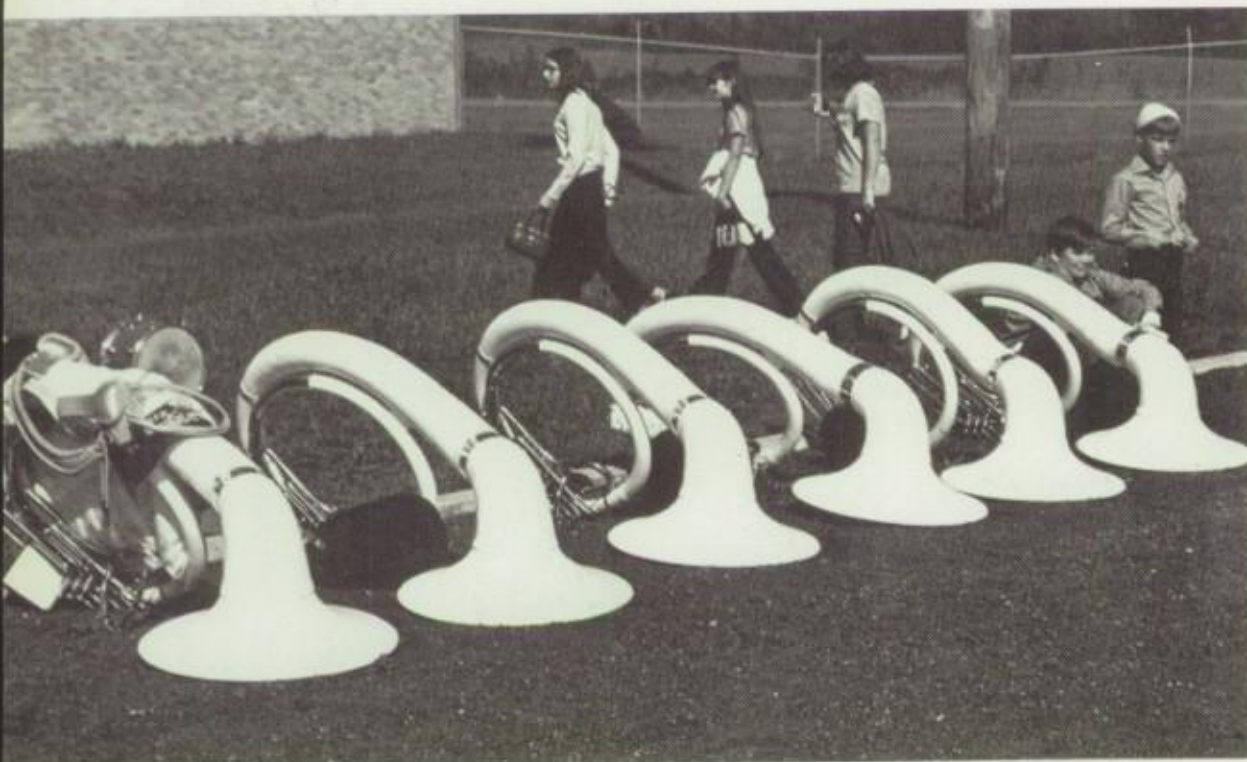

"Look! There's lonely Shag!"

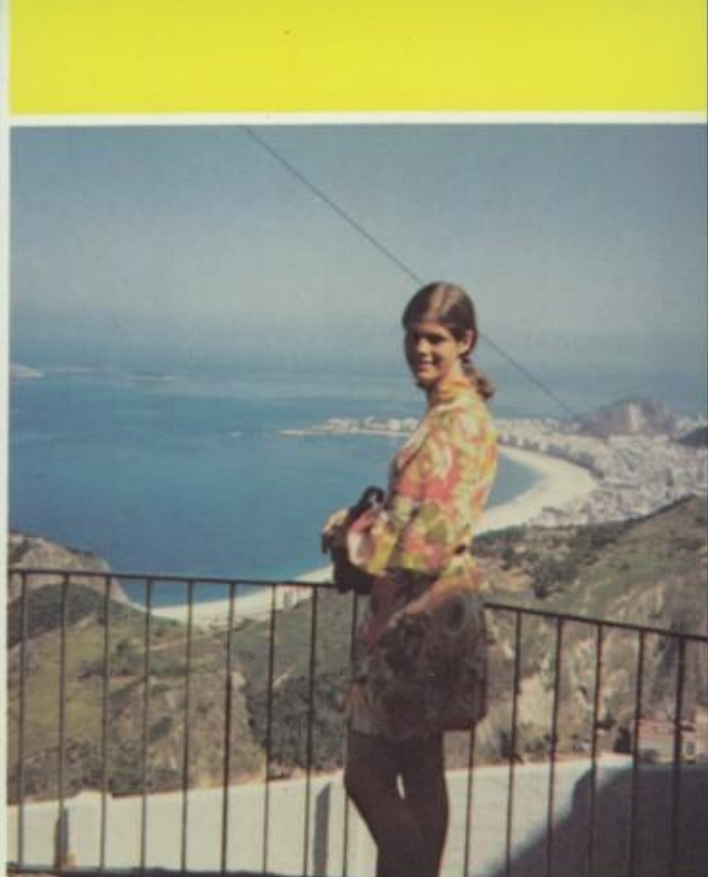

"That beautiful face! He's always around when the kids are out of school!"

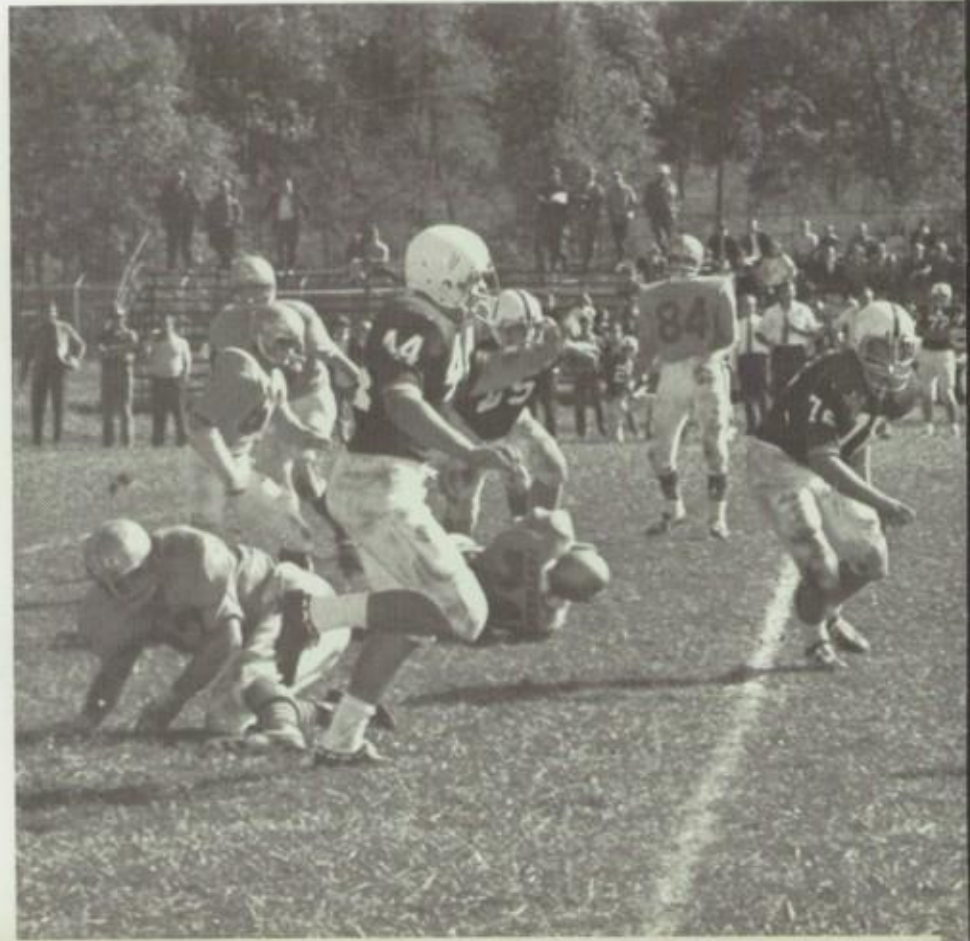

"I have Home Ec this period. I guess we'll be making cookies."
 "What did you think of the 'Laugh-Out' group?"
 "Great, really great!"
 "Can you imagine how our band will sound with those six new tubas?"
 "Oomph, pah pah! 'Omph, pah pah!"
 "Have to run now. See you at the football homecoming dance. Guess you're taking Becky."

Contrasting Personalities Unite

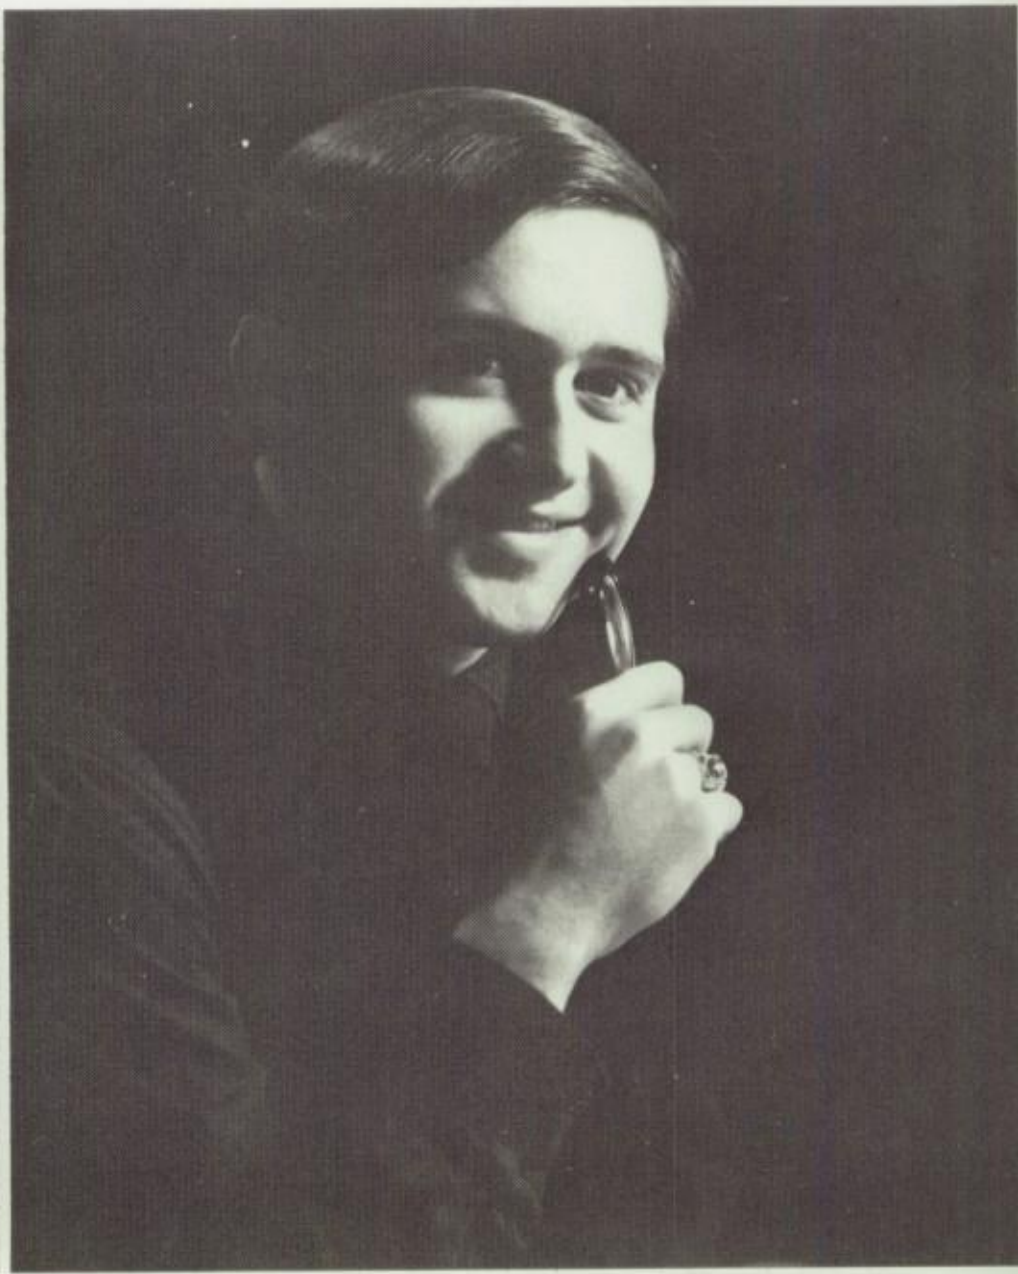

Who am I? ... No one.
am I important?
am I needed?
I think not.

What am I? ... Nothing.
am I intellect?
am I going to succeed?
I think not.

Where am I? ... Here.
am I going anywhere?
will I ever get there?

I say these things,
because I am lost.

Stanley Snodgrass
President of Senior Class

Thoughts of the past take me into
questions of the future.

... why worry ...
I'm 17 years old ...
I'm the only one who doesn't know
what to do with my life.
... my family knows
... my teachers know;
me? ... I don't know
where to now?

Some place where I can think for myself.
That would really be great!
Teenagers can do something
besides clean their room and wash the dishes!

Michael Allison
Student Government President

... to Sketch A Self-Portrait

I've learned
a lot during the last four years.
I've discovered
that all the people I've known
will affect my future long after.
I've learned
respect for the opinions of others,
though I may not agree with them.
I've discovered
that success in life depends on
how you adjust to society,
not how it adjusts to you.
I've learned ... I've discovered ...
I've discovered ... I've learned ...

Jeannine Leathers
Valedictorian

Four years have passed by.
I still haven't found myself.
I've tried but somehow got lost.
Others have tried to help me
but lost themselves.
Could it be
that there is nothing to find?
Or am I still too young
to know how to go about it?
... now I have some idea ...
Four years of life ...
... learning ... and mistakes ...
But aren't mistakes part of learning
and learning part of life?

SOPHOMORES

Two Down and Two to Go

To each of us, Sophomore year comes only once, passes uneventfully, and never returns. This year finds most students knowing the "in's and "outs" of school life and fitting into the daily routine with ease and enthusiasm.

Sophomores have the privileges of selecting their class rings, preparing for Varsity sports and cheer-leading, and becoming a Senator in Student Council.

Glad to have the freshmen year behind us, we are looking for challenges and feel that nothing is too difficult to tackle.

FRESHMEN

This Is a Whole New Way of Living

"Boy, is it ever different up here in high school! The first eight grades were never like this." So said the two hundred and sixty-five Freshmen who poured into the halls of Little Miami High School. Facing them was the plan of team teaching which consisted of large lecture classes, smaller groups for discussion, and individual conferences. In addition boys could now take home economics. Listening to our own school radio made life worthwhile. By Christmas we were settled down into a definite school routine and after-school activities. By this time we could tell the Seniors from the Sophomores.

And so as we put the freshmen year behind us, we look forward to the privileges that will come with being classed as a sophomore and leave for the incoming frosh all the terrors of high school.

A Learned Man

A learned man came to me once.
He said, "I know the way - come."
And I was overjoyed at this.
Together we hastened.
Soon, too soon, were we
Where my eyes were useless
And I knew not the ways of my feet.
I clung to the hand of my friend;
But at last he cried, "I am lost."

FOR YOU

The peace of great doors be for you.
Wait at the knobs, at the panel oblongs;
Wait for the great hinges.

The peace of great books be for you
Stains of pressed clover leaves on pages,
Bleach of the light of years held in leather.

The peace of silhouettes be for you,
Shadow dancers alive in your blood now,
Alive and crying, "Let us out, let us out."

The peace of great changes be for you.
Whispers, oh beginners in the hills.
Tumble, oh cubs - tomorrow belongs to you.

Student Government

Student government is divided into two houses, a Senate and a House of Representatives. The Senate is composed of 12 Senators, three from each class, with the vice-President as the presiding officer. Those individuals in the Senate serve the entire year and are elected in the fall of each year.

The House of Representatives is composed of 29 representatives, one from each homeroom, with the President of Student Government as the presiding officer.

This past year Student Government's greatest accomplishment stemmed around the investigation of the School Dress Code. Special thanks go to the Student Government officers and interested students for working hard this year to bring about important changes.

Something has happened this year that helped all. The students worked together for one common goal. This perhaps is the greatest goal that can possibly be achieved in a school. We hope this will always remain at Little Miami.

Sounds of Graduation

It's here at last! Such a momentous occasion! Yet in only two hours it's all over. We have talked and talked of THE moment - this moment - since the beginning of second semester.

It takes days - weeks - maybe months for us to realize that high school life is finished. Never again that daily routine. A new routine is about to start, one in which we choose for ourselves.

or a student to burn
a building is a crime;
For a student to destroy
his draft card is a crime;
To say all students do these things
is the greatest crime of all.
